Subject: Support from Andrew Schmidt for peer review of Pavillion documents

Per our conversation this morning, Martin and I would like to request Andrew's assistance in providing peer review of two upcoming Pavillion documents:

External review of USGS' draft report on April 2012 sampling of EPA's MW01(embargoed copy for external review)

Time frame: 7/30 to 8/13

Length: unknown

We will need to provide Andrew's name to USGS by this Wednesday if it is agreed that he will be the reviewer.

Internal review of EPA draft research brief on Phase 5 sampling of Pavillion monitoring wells

Time frame: still trying to nail this down from ORD- may be 8/20-24?

Length: 15-20 pgs plus approx. 100 pgs of appended material

Thanks- I appreciate your working with us to try and make Andrew available for this important work, recognizing that it will impact other work.
